The Cooloola is a smart, elevated design that proves simplicity can still feel refined. Its clean form and skillion roofline create a contemporary architectural presence suited to coastal and regional settings.

Inside, open-plan living flows naturally from the kitchen to dining and lounge, extending directly to a generous verandah that expands the usable footprint. The single bedroom layout with walk-in robe offers privacy and practicality, while a well planned bathroom and integrated laundry maximise efficiency within a compact plan.

Thoughtfully designed, the Cooloola is ideal as a primary residence, guest retreat or downsizer home, delivering considered living in a streamlined footprint.
