Total floor area 219m²

Living 157.9m²

Veranda 61.1m²

5 2

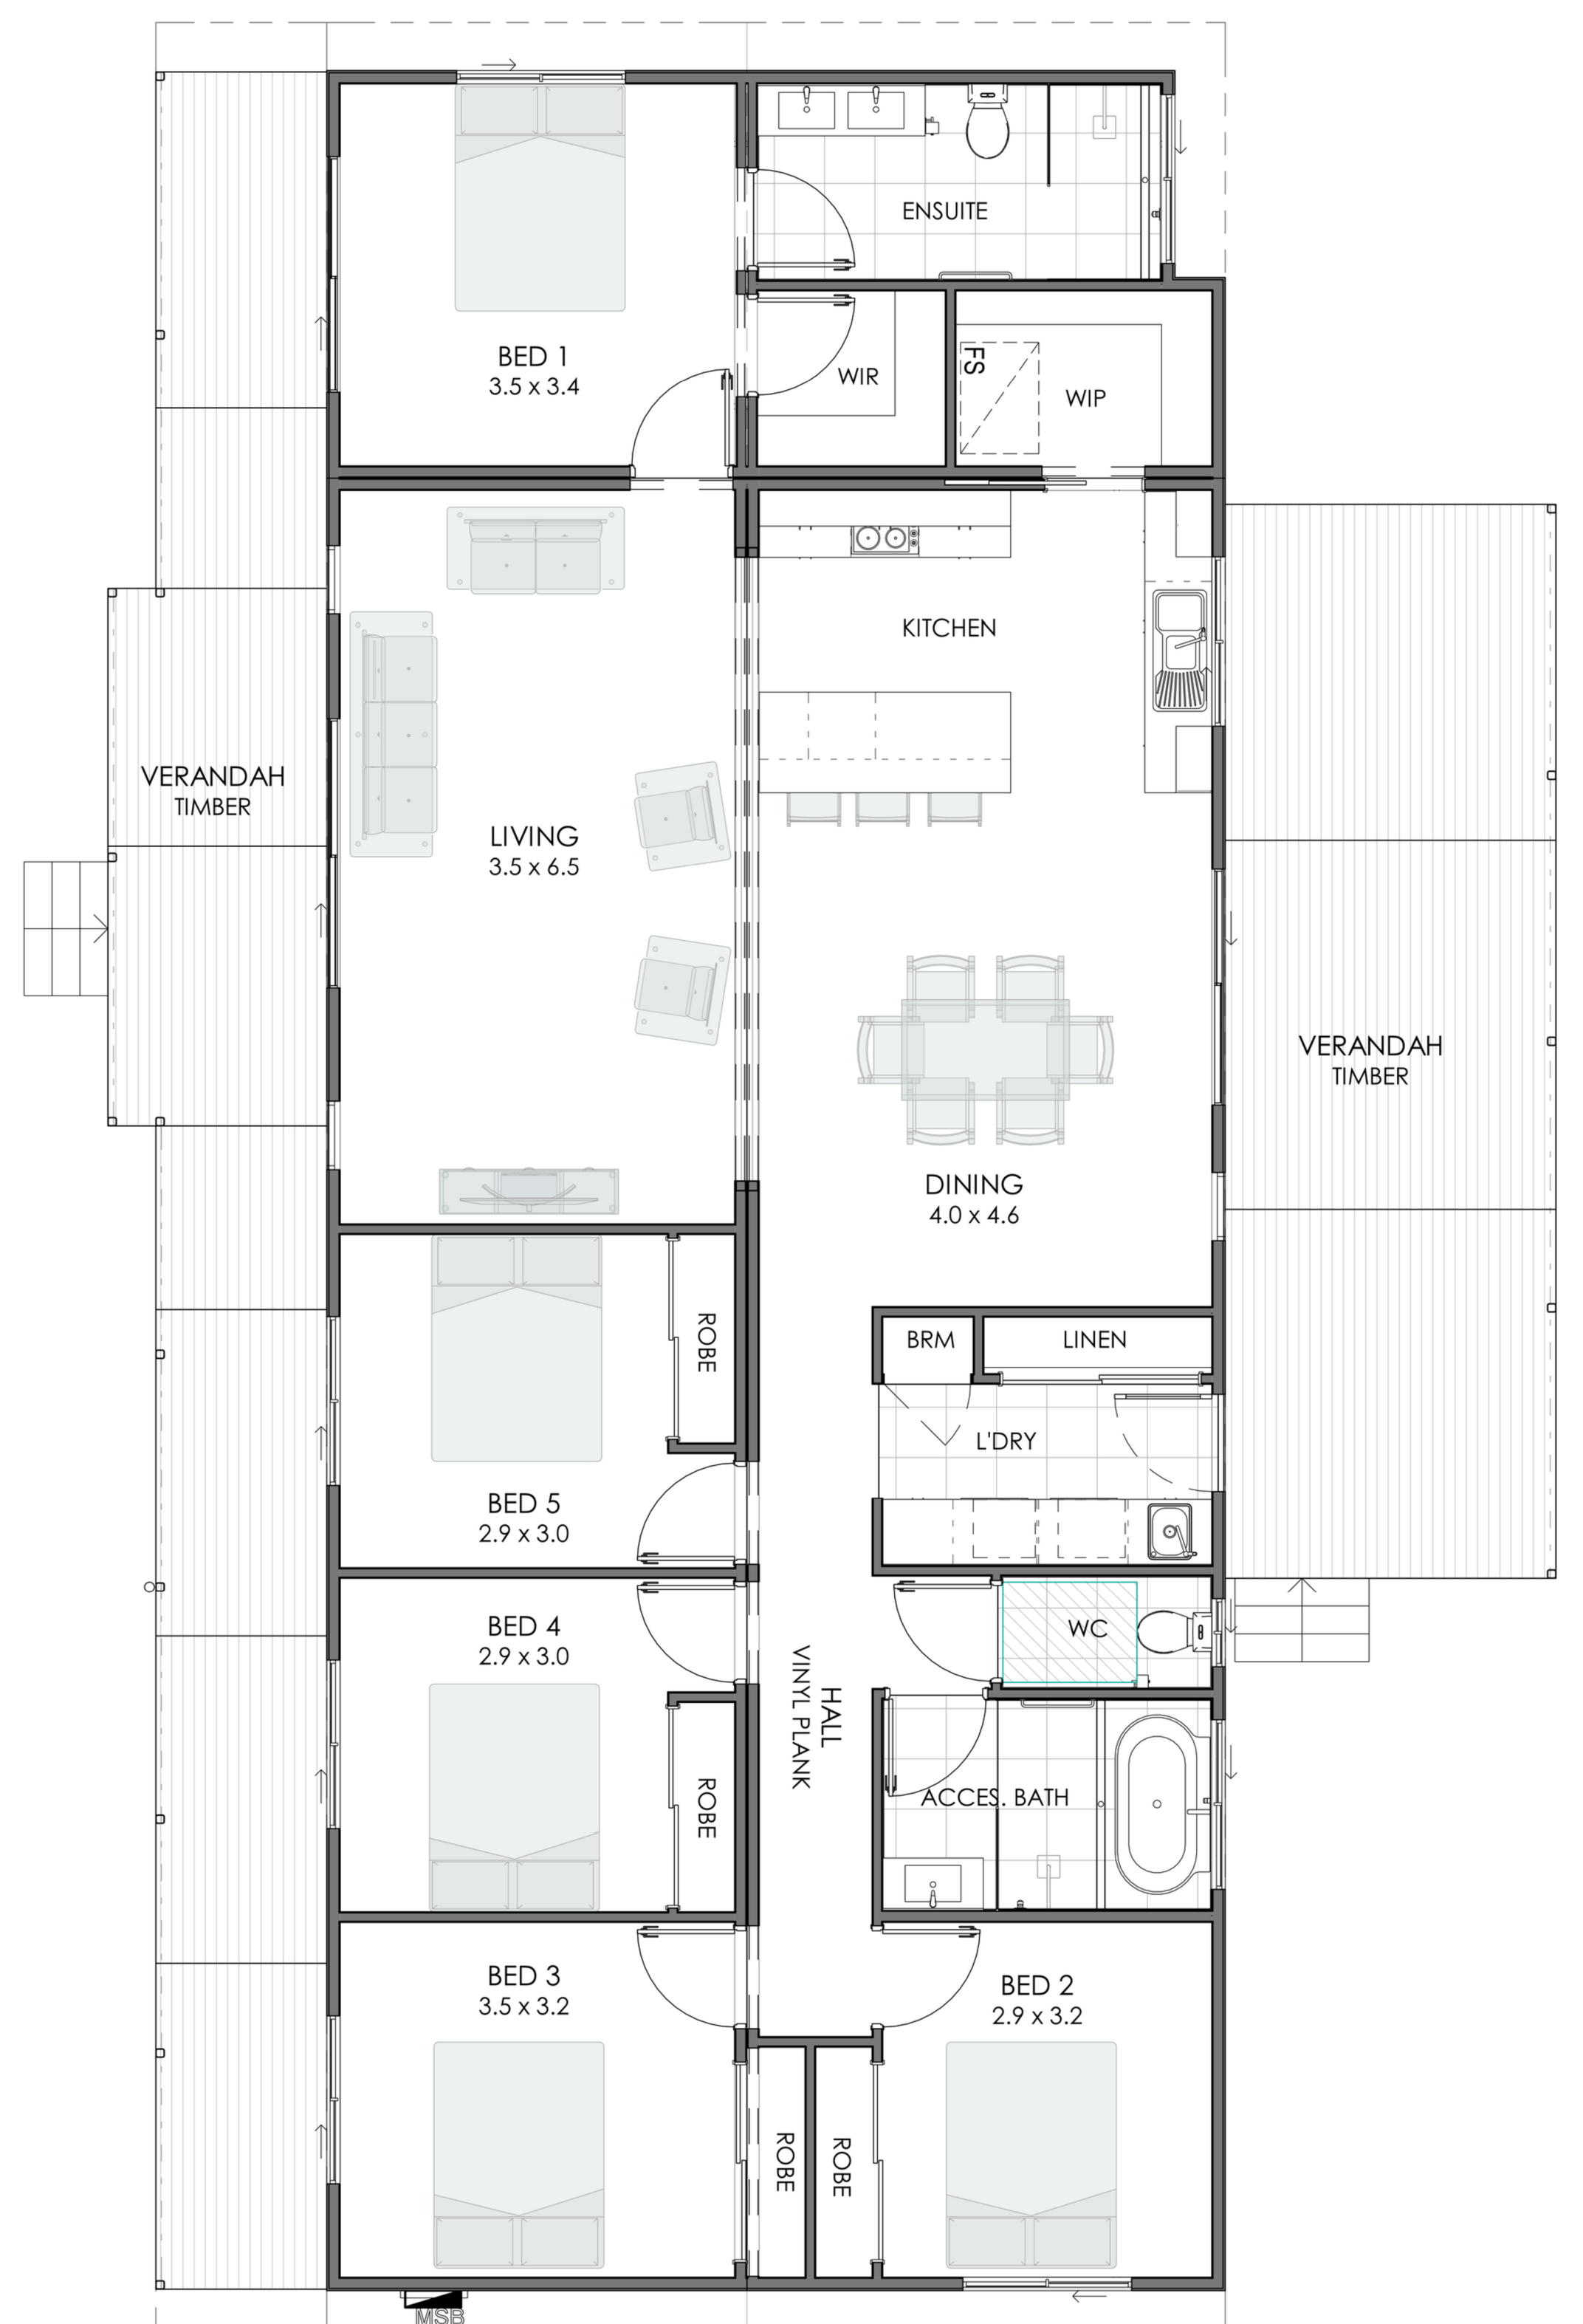

The Bribie is designed for growing families who need space that feels generous, practical and easy to live in. With five bedrooms, expansive open-plan living and wide verandahs stretching across the home, it delivers flexibility without sacrificing comfort or connection.

At the centre, the kitchen, dining and living areas create a natural family gathering space, while the private master suite is positioned separately for greater peace and retreat. Additional bedrooms provide flexibility for children, guests or working from home.

Relaxed Queensland inspired verandahs extend the living footprint and create inviting outdoor spaces designed for everyday family life.

Standard features

- Full-length Queensland verandah frontage.
- Expansive open-plan living.
- Private master suite.
- Modular design allowing customisation of layout, finishes and external presentation.
